Work experience

Part-time Computer Engineering Student

Sep 2021 - Jul 2022

Ataturk University Data Management Office, Erzurum

During my first year of college as a Computer Engineering student at Ataturk University, I worked part-time for one year at the Data Management Office. This experience allowed me to get to know the school better and establish closer relationships with my professors. Additionally, I was tasked with bringing some updates to the website that the university uses to input data for ranking organizations.
